Message from the Patron PSSL

It was in 1947 that I was first introduced to the Leica by the Secretary of the Photographic Society of Ceylon, BG Thornley who was a Director at Carson Cumberbatch, exporters of Tea in Colombo. I joined the PSC in 1946 as a schoolboy who was interested in photography and was using the Rolleiflex which my late Dad had presented to me on my 15th Birthday. I was quite adept at D&P (Developing and Printing) at that time and when I saw the Leica I knew that I had to have one.

It was a coincidence that shortly afterwards, I persuaded my Dad to take off on a trip to the UK and we travelled on a Steam Ship to the UK and it took all of 5 weeks to do so. I made a bee-line to Wallace Heaton the premier photographic store in London at that time, and discovered that they were selling a range of Leicas all second hand, at premium prices as the WW II had ended just 2 years before, and Germany where it was made, was in a state of chaos. I discovered that the Leica was being sold in Switzerland and we left shortly after by rail to Zurich and I got my precious Leica Ilc which I treasure and is still in pristine condition today.

When I brought it back home I discovered that 35mm film was virtually unknown but I was able to get it down by post from London. I had by that time got myself an enlarger and spent many hours of my time away from my studies in the Darkroom which was stifling hot as Airconditioning had not been discovered at that time and I had to depend on an exhaust fan to keep the darkroom habitable during the day. Photography

at that time was my passion at that time and it was fortunate that I could use my hobby to help my Dad who was one of the pioneers in marketing in the Pettah where he owned what can be described as the first Supermarket in this Island which he had established in 1924 long before I was born and which I have the honour of sharing at age 88 with one of my 3 sons which I visit daily today sometimes driving in the mornings. Photography has changed in a manner that is amazing to what it is today where the Printed format has been replaced by the Digital with a resolution which is improving on a daily basis.

I am honoured that the PSSL elevated me to the status of Patron a few years ago and although I still am active at age 88 I do not use the heavy cameras of which I have a whole cabinet full as the iPhone is so much more convenient to always have at hand in my shirt pocket.

The PSSL is one of the oldest Photographic Societies in the world and its activities have been continued with monthly meetings of the membership which now represents 400 members. We have an enthusiastic band of dedicated photographers in the Committee today and the traditions we laboured to build at the time I joined it are still being maintained at an enhanced level today.

It gives me great pleasure to welcome the High Commissioner of the UK who is our Chief Guest today and I invite you to enjoy our 62nd Exhibition at Mihilaka Medura at BMICH."

Joe de Livera

Message from the President PSSL and Exhibition Chairman

It gives me immense pleasure to pen a few words on account of the 62nd International Competition and Exhibition of Photography being held on the 9th and 10th of December 2017, at Mihilaka Medura - BMICH.

This event can be considered the pinnacle photographic exhibition in Sri Lanka. This year's competition attracted over 2100 entries from participants across 20 countries. Subsequent to a rigorous judging process, 180 photographs of true international standing were selected to be displayed at the exhibition. 56 winners whose photographs received high commendation from the judges, will be presented with awards sponsored by FIAP, RPS, GPU and the PSSL.

The Society has been actively involved in several events during the year. We started off 2017 with Discover Mannar, a photographic project in partnership with IFC Sri Lanka, which intended promoting Mannar as a unique destination for tourism. The PSSL partnership centred around the judging, printing, mounting and displaying of photographs received through a competition launched to the public as well as school students. The winning entries and accepted photographs were showcased to the public at an exhibition organized by IFC Sri Lanka, in June this year.

Amongst the highlights of this year's activities was the photographic excursion to Jaffna by train, in August coinciding with the Nallur festival. The participants had the opportunity to capture the culture, architecture and lifestyle of many parts of the peninsula. The eagerness to get the best outcome of the photographs captured during the excursion, resulted in outstanding photographers Mr. Mahinda Jeevananda and Mr. Ravi Ranasinghe conducting sessions on post processing techniques to help each participant who was keen to learn. This excursion was such a success that we had an exhibition of the photographs at the PSSL premises, as well as in the PSSL stall at the Image Today Exhibition held at BMICH in November 2017. The members of the Society also ventured on a coveted photographic journey to Ella in November. This provided ample opportunity to experience and photograph some of Ella's most scenic landscapes and lifestyle. These excursions

were opened to members of the Society and also to non-members. As a result, there was plenty of learning and networking opportunities, which has built a strong sense of camaraderie between photography enthusiasts.

Our members also had many interesting learning opportunities this year through the featured guest presentations, at our monthly Members' Meetings. These presentations covered many aspects of photography such as travel, creative, landscape, underwater, milky-way and nature. On behalf of the Society, I am indeed grateful to each of the presenters who took time off to generously share their knowledge and experience with our membership. In addition, the workshops on Basic Photoshop and Street Photography drew many enthusiasts to enhance their photographic skills.

The society continued the Certificate Course in Applied Photography (CAP) with many participants successfully completing this year's programme. CAP is the very first photography course conducted in English which has seen through its doors many professionals and award winners, at both national and international competitions, whose passionate hobby is photography.

As the year 2017 draws to an end the PSSL is delighted to host the International Competition and Exhibition of Photography, which is the most significant event in the Society's calendar. This momentous occasion is looked forward to by photo artists and enthusiasts in Sri Lanka as well as participants from around the globe. Our sincere thanks go out to each and every one who submitted entries for the competition for their commitment and interest. Our heartfelt congratulations go out to all the winners and to those who received acceptances. We are thankful to our sponsors and all those who supported us for making this event a reality for the 62nd consecutive year.

On behalf of the PSSL, I invite you to visit the exhibition to see for yourself images that display true photographic artistry from around the world.

Activities of the PSSL

The PSSL had numerous initiatives to engage its membership throughout the year, providing many opportunities to network with those who have similar interests in photography and of course to learn from the best.

This year, the Society opened its doors to several non-members to participate in some of the activities. The highlights for the year thus far are;

Monthly Members Day Meeting: Providing our membership with the opportunity to learn and also to strengthen camaraderie, the monthly Members Day Meetings continue to be held on every second Tuesday of each month. The meetings consist of a presentation by a renowned photographer in a particular sphere of photography, followed by a Q&A session and the "Capture This" monthly competition. "Capture This" is a favourite activity amongst the membership where members may submit up to 10 images per month, in line with the monthly theme and open categories. The points accumulated throughout the year lead to annual awards presented at the International Photographic Competition and Exhibition.

Photowalk Challenge: This is an activity open to all members and has drawn tremendous interest and enthusiasm. Teams comprising of a maximum of five members embark on a monthly photography challenge. A theme is given as the teams set out where selected and post processed photographs need to be submitted within a given timeline. The winners are chosen subsequent to a stringent judging process. The points accumulated throughout the competition leads to the team with the highest points being awarded the Photowalk Challenge Trophy offered by the PSSL at the International Photographic Competition and Exhibition.

Workshops & Excursions: The Society organizes series of workshops and excursions, including portraiture, studio lighting, street and fashion photography, wildlife and nature excursions, training on Photoshop. Conducted by veterans in the Sri Lankan photography community, we provide our members with diverse and compelling photo opportunities and a ground to interact for fellowship the whole year through. This year, many of the programmes were opened to non-members as well.

Photography for a Cause: One of the most significant initiatives of the Society this year was the Discover Mannar photographic competition and exhibition. The International Finance Corporation (IFC), which is a member of the World Bank Group, invited PSSL to partner with them on a project to promote Mannar as a travel & tourism destination. As the photographic partner, PSSL steered the entire competition in terms of the judging and selection of photographs as well as the presentation of images at the exhibition.

Certificate Course in Applied Photography (CAP): The three month programme for beginner and amateur photographers continue to be offered to those aspiring to embark on their photographic journey. Conducted by our Academic Director, Mr. Panduka de Silva, CAP encompasses 10 classroom sessions and two field excursions out of Colombo. The course concludes with the Certification and Group Exhibition showcasing the participants' work. The course consists of 6 intakes per year and boasts over a thousand students to date.

PSSL Community

The Society boasts of over 400 active members from all walks of life with a similar number of visitors, and a Facebook Membership of over 25,000 who make up the total PSSL community. With over 300 students receiving their first insights into the fascinating art of photography, annually through our CAP programme, and the practical knowledge imparted through our field activities and excursions, we are proud to acclaim that the PSSL has nurtured many award-winning photographers who have their names etched in the annals of photography, both locally and internationally.

Undoubtedly, PSSL continues to live up to the aspirations of its founders in being the premier Photographic Society in Sri Lanka surpassing more than 111 years.

More information on the Society's activities may be obtained on our website at www.pssl.lk or by subscribing to our e-Newsletter, sent out to a database of over 2,000 recipients.

Acknowledgments

The 62nd International Photographic Competition and Exhibition takes place this year, in the festive month of December at Mihilaka Medura, BMICH. We are privileged to have His Excellency James Dauris, British High Commissioner to Sri Lanka & the Maldives grace this occasion as Chief Guest and we sincerely appreciate his time and interest to attend the event.

Year on year we have had phenomenal participation by photography enthusiasts and artists from across the world. This year too, we had over 2100 entries to the competition from across 20 countries. Our best wishes go out to all the award winners and to those whose images were accepted for the exhibition.

The meticulous judging of entries was not an easy task. Our heartfelt thanks go out to the eminent panel of judges, who dedicated their time and unstinted commitment to select the best images for awards and acceptances. We thank the President of the Photographic Society of Singapore Mr. Goh Kim Hui and the Honorary Secretary Mr. Vincent Liew for their presence in Sri Lanka to judge the competition. We sincerely acknowledge the contributions made by Mr. Henry Rajakaruna, Mr. Rukshan Jayawardena, Mr. Luxshmanan Nadaraja and Mr. Namal Kamalgoda who also formed the distinguished panel of judges.

The patronages we receive are a key highlight for our award winners. We are grateful to the International Federation of Photographic Art (FIAP), the Royal Photographic

Society (RPS) and the Global Photographic Union (GPU) for their wholehearted support this year.

Our sincere thanks also go out to our Patron, Mr. Joe De Livera for his unyielding commitment towards the Society's longevity.

We wish to thank all the advertisers who contributed in numerous ways to make this event a success. Our sincere appreciation goes out to the generous contribution made by the Radio Partner KISS FM and the Print Media Partner Wijeya Newspapers.

A special word of thanks also goes out to Mr. Mahinda Jeevananda, who obliged us by designing the theme and patiently accommodated all our requests to provide numerous artwork for the Competition and Exhibition.

The success of the Society has always been its membership and we take this opportunity to thank each and every one of our members, who stepped into support the event.

To all those who tirelessly and ardently contributed to make the 62nd International Photographic Competition and Exhibition a reality – thank you. We are humbled by your generosity.
