GLOBAL PHOTOGRAPHIC UNION - GPU (former UPI)
is a worldwide interactive organization for anyone interested in
photography, be they casual, serious amateurs or professional
photographers.

Founded in Goirle, The Netherlands, September 2007, GPU brings together
professional and amateur enthusiasts of all ages and levels of
achievement. As a nonprofit organization, its mission is to promote and
enhance the art and science of photography in all its phases.

Individual members are offered a wide variety of activities: photo and
digital competitions, photo exhibitions in different countries, study groups
via mail, web site access, photo books, magazines, Photo festivals,
distinctions, titles, and a raft of other activities.

Have look on the site: www.gpuphoto.com

The sponsors of this International Exhibition of Photography have been awarded Recognition by PSA, the world's largest patron of international photographic exhibitions. PSA, although it has provided recognition, is neither a sponsor nor directly involved in the operation of this exhibition.

Valid acceptances received by PSA Members in recognized sections of this exhibition are eligible for PSA Star Ratings, listing in the world-wide PSA Who's Who of Photography and credited towards the PSA Distinctions of QPSA, PPSA, EPSA, MPSA, GMPSA, GMPSA/B, GMPSA/S, GMPSA/G, and GMPSA/P.

PSA is a non-profit organization promoting the advancement of photography in all its forms to novice, amateur and professional photographers worldwide.

For information on membership and the many services and activities of PSA, contact:

Message from the Patron

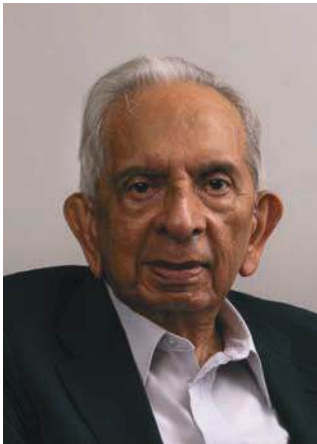

Message From The Patron

It has been a bleak year in 2020 for everyone in spite of which the Photographic Society of Sri Lanka held its 65th International Competition of Photography and it is heartening to observe that we have had an unprecedented record of entries numbering 6727 from 68 countries throughout the world.

This competition also coincides with the 75th year that I have been associated with the Society which was originally the Ametuer Photographic Association of Ceylon as it was then known, which was founded in 1906 by Henry Lorenz Wendt, which I joined as a Schoolboy in 1946. It was at this time that I was first introduced to the Leica Camera which heralded a new era in photography as it was the first to use the 35mm film format which soon replaced the 2.25sq inch format used by Rolleiflex which was considered as the best camera in the world at that time with Kodak following closely. I was very fortunate that in 1947 I was able to purchase a new Leica IIIc camera as I had persuaded my father to visit Europe where we spent some memorable months on a business tour, as he owned a business establishment in Pettah, Titus Stores which he had established in 1924, 5 years before I was born and remains in our family with which I am still associated with. I do not visit it daily as I used to do up to the end of 2020 when I decided to retire from it mostly due to the Covid 19 which resulted in many lockdowns. It is now being managed by my son Johan, the youngest of 3 boys. I enjoyed being the CEO of Titus Stores which is even today a landmark in Pettah and we count on several generations of customers who have patronised us for almost a Century which we will reach in 2024.

It will be safe to state that the whole world has changed in its outlook since March 2020 due to the virus and I am glad that here in Sri Lanka the after-effects of this virus are not as severe as it has been in other countries.

Joe de Livera

Message from the President PSSL

The Society's International Competition and Exhibition of Photography is one of the significant events of its annual calendar. Plans were made in early 2019 to mark its 65th year in 2020 in a memorable manner. As we are all aware 2020 has turned out to be a challenging and unexpected year due to the Covid-19 pandemic. Despite the increase in various uncertainties due to the pandemic, the committee boldly decided to hold the competition in keeping with the long-established tradition. We were pleasantly surprised by the record number of participants and the enthusiasm shown with regards to the competition.

The 65th Competition attracted 6727 entries from 505 authors representing 68 countries, recording the highest number of entries received out of all the competitions held thus far. For the first time, the judging was held virtually with six eminent international judges. This may be the first time in history that an organizing committee was not in a position to plan the exhibition with a definitive date. I am very proud that it did not dampen the spirit of the competition in any way.

On another note, the Society has gone through an unprecedented year without being able to have its usual monthly member meetings and interest group sessions, workshops and educational programs at the Society premises. As always our society is resilient and did well in actively creating opportunities for members to connect and interact virtually via Zoom with their preferred interest group discussions and monthly member discussions. These sessions immensely benefitted members living out of Colombo and around the world to learn as well as engage and interact with the other members.

While focusing on engaging with membership, the Society opened up some of the events to non-members of the society. The Stay Home, Stay Safe Mobile Photography competition was held for all Sri Lankans and opened opportunities for Sri Lankan students and youth to take part in the Silk Road Youth Competition organized in parallel to Photo Beijing 2020. Our society was adjudged as one of the best partner organizations at the Photo Beijing.

Capture this! monthly photography competition provided a learning platform to members to harness their artistic skills in photography leading them to participate and be successful in international competitions. It is now being opened for other Sri Lankans as well.

On behalf of the society, I would like to extend my sincere appreciation to all participants of the competition, judges, patronages, members and everyone who supported the competition, not forgetting the splendid work done by the Chairman and the organizing committee. The Society looks forward to yet another successful competition in the year 2021. Let's harness more creativity and skills and look forward to meaningful and fulfilling local as well as global participation soon.

Shamini Atukorala

Message from the Exhibition Chairman

The Photographic Society was founded in 1906 and little did the 36 odd founder members know that they would be creating a great brand that would fashion the photographic landscape of the Island. Over its 125 year existence, the Society would intrigue, delight, and sometimes disappoint its members. But like the steam train or the two wire telephone of that day, its ability to transform, evolve and surprise has never been in doubt.

The 65th Exhibition is a great case in question of the ability of the PSSL brand to turn something mundane in to something extradentary. The challenge for the present day keepers of this institution would be to preserve the aura of its soul for the future. That would be more than a challenge, it's simply a dire obligation to the future membership.

Activities of the PSSL

Without a doubt, 2020 has been one of the most challenging years of our lifetime. Coronavirus disease (COVID-19) has impacted every segment of life. Amid the pandemic, PSSL had numerous initiatives to engage its membership throughout the year. The Society took early steps into the virtual meeting world, organizing online sessions via ZOOM. The quick transition into a digital platform enabled PSSL to continue most of its activities online. This change was a blessing in disguise, as members as well as non-members from every corner of the world managed to join the activities. A brief description of the activities held last year is given below.

Monthly Members Day Meeting: Providing our membership with the opportunity to learn and also to strengthen camaraderie, the monthly Members Day Meeting continues to be held on the second Tuesday of each month. These meetings consist of a presentation by a well-known photographer in a particular sphere of photography, or a panel discussion on a related topic, followed by a Q&A session and a status update from the leaders of the photography interest groups.

“Capture This” monthly competition: “Capture This” is a monthly competition where a contestant may submit up to 10 images per month, in line with the monthly theme and open categories. The points accumulated throughout the year lead to annual awards as well as cash prizes presented at the International Photographic Competition and Exhibition. Open judging sessions are held to provide an opportunity for the participants to get a firsthand experience of how their photos are judged as well as learn tips and tricks to improve their work from the experienced judges. This year, the competition has been open to the public, which was restricted only to the members before.

Photopourri/ Mini Photopourri: This is a platform for PSSL members to present their work/ portfolio. These sessions were organised periodically coupling few member presentations from different genres. In addition to the above activities, Photowalk Challenge, Workshops, Excursions and Educational Programmes are the other popular activities that were at a standstill during the year 2020, due to the pandemic. The society plans on resuming these activities in the year 2021, once the situation is settled.

Special Interest Groups

Fashion & Glamour Group: Keeping up with the interest of our members, the Glamour & Fashion Group was formed to hone the skills required for portraiture and fashion photography. The members of this group organise sessions of active learning frequently.

Wildlife & Nature Group: This group continued to meet monthly via zoom and share experiences and images. Few excursions were organized within Colombo to pursue a common interest in wildlife photography.

Black & White Photography Group: This group consists of monochrome photography enthusiasts. Aim is to share knowledge and work together to improve members' skills in this genre.

Street & Travel Photography Group: This group is dedicated to members who are interested in street and travel photography. Monthly meetings with member & guest presentations, panel discussions and image critique sessions were organised to improve members knowledge.

Mobile photography Group: This group consists of mobile photography enthusiasts. They often share their images and create a discussion via the WhatsApp group dedicated to them.

Analog Film Photography Group: This group was created for the members who are passionate about film photography, to provide an opportunity to exchange ideas, participate in instructional programs, shoot film with other members of the group and share tools that expand skills.

Creative Photography Group: This is the newest interest group introduced in the year 2020, for the members who are interested in Creative Photography. The group encourages the members to use their imagination to “create” photos using the innate capabilities of their cameras, as well as the capabilities of tools such as Photoshop.

All these groups organise monthly meetings, panel discussions, indoor and outdoor workshops, image critique sessions, etc. assisting group members to excel in different genres of photography.

Social Media Presence

Intending to engage with our growing membership, PSSL created a wider presence on the web and social media. Society's presence on Facebook is divided into two groups, one dedicated to the members of the society and another group open to all photo enthusiasts. The Instagram profile is popular as it provides the opportunity for the members to have their images featured. PSSL Video Channel on YouTube has created an opportunity for anyone to catch a glimpse of PSSL activities, as the online sessions are uploaded to the channel. The society is present on LinkedIn as well.

PSSL Community

The Society boasts of more than 350 active members from all walks of life with a similar number of visitors, and a Facebook Membership of over 26,000 who make up the total PSSL community. With over 300 students receiving their first insights into the fascinating art of photography, annually through our education programs, and the practical knowledge imparted through our field activities and excursions, it can be proudly stated that even after 115 years of existence, the Society has lived up to the aspirations of its founders and continues to maintain its reputation as the premier Photographic Society in Sri Lanka.

PSSL Premises

All the above activities are coordinated through the PSSL Office premises at Lionel Wendt Art Centre. The office which was closed for a better part of last year due to the pandemic has been reopened with a facelift. An exhibition organised by PSSL Wildlife and Nature Group was held with the reopening, and the premises will continue to cater to the betterment of the Society.

More information on the Society's activities may be obtained on our website at www.pssl.lk or by subscribing to our e-Newsletter, sent out to a database of over 2,000 recipients.

Acknowledgments

The PSSL international competition and exhibition have been recognized as Sri Lanka's foremost photographic event. Ensuring that it is presented in all its grandeur for 65 consecutive years is no easy feat.

It is impossible to organize an event of this magnitude and scale without the unstinted support PSSL has received from numerous individuals and institutions this year and throughout the previous years.

Our most profound gratitude goes out to the following;

65th International Competition closed with a resounding success, where we had over 6727 entries from 505 participants across 68 countries. A big thank you to all the participants and our best wishes go out to all the award winners and to those whose images were accepted for the exhibition.

Judging a competition of this extent is a herculean task. Our sincere thanks go out to the eminent panel of international judges comprising Mr. Ovi D. Pop from Romania, Ms. Silvana Retter from Germany, Ms. Buket Ozatay from Cyprus, Mr. Vincent Liew, Mr. Kok Leong Jack Goh and Mr. Jayaprakash Joghee Bojan from Singapore.

The participants look forward to the patronages we receive. We are grateful to the International Federation of Photographic Art (FIAP), the Photographic Society of

America (PSA), the Global Photographic Union (GPU) for their wholehearted support this year.

We extend our gratitude to our Patron, Mr Joe De Livera for his unyielding commitment towards Society's longevity.

Our sincere gratitude to Mr Mahinda Jeewananda, who obliged us by designing the theme and patiently accommodated all our requests to provide numerous artwork for the Competition and Exhibition.

A special word of thanks also goes out to Mr. Pandula Bandara, for his assistance in creating promotional material.

The success of the Society has always been its membership and we take this opportunity to thank our members, who stepped in to support the event.

To all those who tirelessly and ardently contributed to making the 65th International Photographic Competition a reality. thank you. We are humbled by your generosity.
